

# Excess Casualty

The Kinsale Excess Casualty Division provides both supported and unsupported excess at lead, buffer, or high attachment points. Our target classes are similar to those handled by the primary casualty and specialty casualty divisions, including contractors, manufacturers, and premises-related exposures.

## Target Classes

- Apartment buildings
- Cannabis cultivation and distribution
- Carpentry
- Concrete construction
- Condominiums
- Excavation
- Firearms manufacturers and distributors
- General contractors
- Lessors' risk
- Metal erection
- Oil and gas operations
- Real estate development properties
- Recreational facilities and resorts
- Roofers
- Security guards
- Small-to-midsize auto fleets
- Special events
- Warehouses

## Policy Structure

- Up to \$10M in capacity
- Follow-Form excess policy over Claims-Made and Occurrence forms
- Supported or unsupported

*Minimum premium per layer: \$1,000*

## Underlying Requirements

- Automobile Liability - \$1M Combined Single Limit (CSL)
- Employers' Liability -\$500,000/\$500,000/ \$500,000
- General Liability - \$1M/\$2M/\$1M
- Liquor Liability - \$1M/\$1M

## Submission Requirements

- ACORD Commercial Insurance application and Excess/Umbrella application, Commercial General Liability application with a complete description of operations (signature of the insured/dated when bound)
- Supplemental application, where appropriate (signed and dated by the insured when bound)
- Auto fleet breakout by vehicle type, including radius of operations and commodities hauled
- Five-year currently-valued company loss runs with a description provided for large losses (over \$100,000)
- Website information
